

*We are delighted to confirm the retirement of*  
**1271 Verified Emission Reductions (VERs)**  
*by*  
**EKI Energy Services Limited**  
*on 25/11/2022*

Looking after the planet is important to us at The Keyholding Company. As we continue to move toward our sustainability and Net Zero goals we are calculating our and our supply network's carbon usage. We are therefore offsetting 1,271 tons of CO2 for 2021 to take one step closer to achieving net zero by 2025.

*These credits have been retired, saving **1271** tonnes of CO2 emissions from being released into the atmosphere.  
Thank you for investing in a safer climate and more sustainable world.*
